## **CURRICULUM**

### **HIRADALE, PRE-PRIMARY:**

The Pre-Primary Section of the HFS has a preschool programme that is divided into Hiradale, JR. KG and SR. KG. catering to the needs of children in the range of 3- to 5-year-olds.

It functions on the principle of learning by doing it through the play-way method. We guide the child to step into the world of learning in an environment outside the comfort zone i.e. their home.

During this stage we focus on developing social, emotional, cognitive, and physical skills in a safe and supportive atmosphere through various activities such as Indoor free play, clay modelling, Outdoor free play, Music session, Art and Craft, Educational field trip, Picnic.

We also facilitate promoting our children's personal growth and development. Our babies are encouraged to express themselves with the help of singing, dancing, Show and Tell, storytelling, Fancy dress festival celebrations and Projects to enhance their communication skills and shed their stage fright. The children get to showcase their hidden talents during the Annual Concert and test their motor skills during Sports day. Special activities such as Sprouts bhelpuri day and Truffle fruit pudding are organized during the academic year to enlighten their minds on healthy eating habits. A Day in the kitchen puts their culinary skills to test, where they are guided to make a simple yet mouth-watering recipe.

During the formative years in Pre-primary, we train the tender minds to develop their logical, imaginative, organizational, and interpersonal skills. Structured learning is facilitated with the help of academics and the Smart board, interspersed with games, to enhance the learning outcome among the children which will last a lifetime. A child's mind is full of curiosity, wonder and emotions. Values are taught through lucid short, effective stories and Puppet shows. Puppets are a good tool to get young children's attention and help them to act out everyday scenarios.

Grandparents' day is celebrated with great fervour and delight where our beloved grandparents are invited to spend a day with our babies. The children are trained to present a short entertainment programme and later they are encouraged to participate in fun-filled activities and lots of dancing and singing, to take home cherished memories for a lifetime.
